

2020 Wisconsin Regional Waterhemp Workshops

These workshops are designed for farmers and crop advisors and will build on the 2019 Regional Waterhemp Workshops (Waterhemp 101). Topics include 1) current state of herbicide resistance in Wisconsin and the Midwest, 2) systems approach to weed management on a field by field basis, 3) considerations for adoption of Enlist E3 system, 4) managing herbicide resistant weeds by adding alfalfa to crop rotation, and 5) cover crops and other considerations for weed management.

Presenters: UW-Madison Extension Weed Scientists Rodrigo Werle and Mark Renz, Weed Science Outreach Specialist Nick Arneson, UW-NPM Outreach Specialist Dan Smith and the WiscWeeds Team.
