## A Focus on Fostering Food

**Emery Bork - 4-H Educator**

The Youth Leadership Project members are encouraging our 4-H clubs to think about and be fosters of food this year! Each year, our Youth Leadership Project members choose a service theme and set challenges for clubs to embrace.

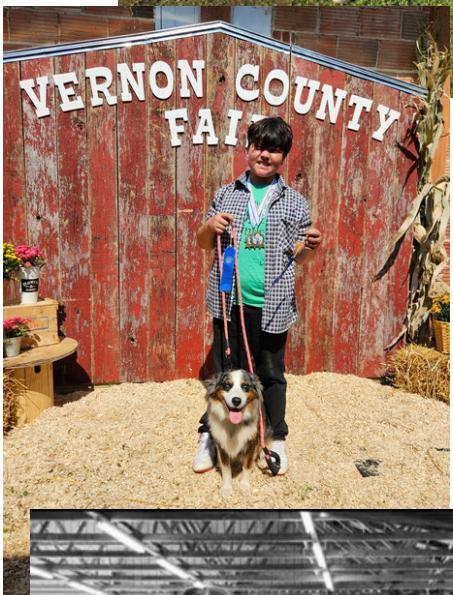

Food is everywhere in our lives, from home to school, and beyond. We need it to live and thrive. The challenge this year is to take a deep dive into a food-based project with your club that has a service learning, planning, and leadership component. I've heard some whispers from clubs about community gardens, planned trips to pantries to learn how that system works, and more.

As your 4-H Educator, I like to plan countywide events that complement the theme. Later in the newsletter, you'll find several program opportunities around cooking and sewing skills. I also encourage you to explore this theme at home! Cooking together, buying a new recipe book, or planning a trip to a restaurant you'd like to try can be a great way to bond and build family relationships.
